place, the driver can
see worker and more.

See worker and more.

" ROSCO LIFT TRUCK MIRRORS HAVE 20-20 HINDSIGHT"

DID YOU KNOW ?...

- Lift Trucks spend more than fifty percent of their time in reverse.
- Lift truck operators maintain that rear-view blind spots are one of their greatest concerns.
- Lift trucks accounted for over thirteen percent of all lost-time accidents in the warehousing industry, according to the most recent study by the federal bureau of labor statistics.

THE HINDSIGHT SOLUTION...

- Safety conscious engineers and warehouse managers around the country have helped solve these lift truck problems by installing "**ROSCO HINDSIGHT**" rear-view mirrors.
- The "**ROSCO HINDSIGHT**" mirror utilizes a fully adjustable, universal mounting system that installs on any roll bar or cage in under two minutes.
- No drilling or tapping required - all necessary hardware included.
- The convex mirror lens provides a panoramic view covering the field of operation.
- The heavy duty construction and unbreakable acrylic mirror makes the "**ROSCO HINDSIGHT**" ideal for use with any industrial vehicle.
- A large variety of mirror heads allows for use with all sizes of lift trucks.
